

Brochure

Brochure: Healthcare Research & Development Board (HRDB)

Organized by: Dev Dood, a Division of the Healthcare Research & Development Board (HRDB), NAC India

Introduction

The Healthcare Research & Development Board (HRDB), a division of the Social Welfare Organization NAC India, is committed to improving the health and well-being of the most vulnerable communities in India. Through a wide array of medical services, including free healthcare, medicines, and specialized treatments, HRDB aims to make quality healthcare accessible to the underprivileged and needy. Our mission is to ensure that everyone, regardless of their economic status, receives proper medical attention and support.

Purpose

The primary goal of HRDB is to provide affordable, quality medical services, including specialized doctor consultations, necessary medications, diagnostic tests, and healthcare services to people in need. We also focus on public health awareness programs to educate the population on how to stay safe, especially in light of ongoing global health concerns such as COVID-19. Additionally, HRDB promotes physical fitness by offering training in yoga and exercise as part of its holistic approach to health.

ABOUT US / हमारे बारे में

About

HRDB, a part of NAC India, plays a crucial role in delivering medical assistance to those who need it the most. We recognize that healthcare should not be a privilege for the wealthy but a right for all citizens. That's why we've created programs and initiatives designed to provide free medical treatments, health awareness campaigns, and a wide variety of wellness programs to support the country's most underserved populations.

We are dedicated to ensuring every person receives the medical treatment they deserve. Our services range from basic healthcare support to specialized treatments, preventive care, and post-disease rehabilitation. Through our initiatives, we aim to raise awareness, foster healthier lifestyles, and address urgent healthcare needs in the community.

Our...Comprehensive Services

HRDB offers a wide range of medical services designed to cater to various health needs. Here are some of the essential services we provide:

- **Health Checkup Packages**
Regular health checkups are essential for early detection and prevention. We offer multiple packages, including:

-

Membership & Benefits

HRDB offers a membership program for any citizen of India who meets the following criteria:

Eligibility

- Must be 18 years or older
- Required documents: Aadhar Card, PAN Card, Ration Card (photocopy)
- Membership fee is applicable and necessary for enrolment

Membership Benefits

- Access to specialized healthcare services, including doctor consultations, medicines, and diagnostic tests at no cost.
- Financial assistance for medical expenses, with support up to ₹6500 depending on treatment needs.
- Eligibility for participation in health awareness campaigns and wellness programs.
- Access to regular health checkups and post-disease recovery support.

How Membership Works

Members will receive a Healthcare Assistance Card upon joining, which entitles them to a wide range of healthcare services provided through HRDB. This card facilitates access to organized health camps, treatments, and medical support based on individual needs.

Terms and Conditions for Members

1. Membership is open to individuals above the age of 18 with no criminal background.
2. Members must be physically and mentally fit, with the willingness to contribute to the organization's goals.
3. Members should attend meetings and programs regularly. If unable to attend, written notice must be given at least three days in advance.
4. Membership fees are non-refundable and must be paid upon enrolment.
5. Members are expected to show respect and adhere to the leadership and organizational structure of HRDB.
6. Misconduct, indiscipline, or incorrect information may lead to membership cancellation.
7. All members are expected to actively contribute towards the organization's objectives and tasks.
